## WEBINARS FOR FRENCH TEACHERS

### Spring/Summer 2017 CATALOG

Chers et chères collègues,

Erasmus Academy is proud to announce a new series of ten professional development webinars for the spring/summer of 2017! These webinars are designed for French educators, college students, or any other Francophiles. Our themes were selected to offer a wide range of current topics in the French-speaking world as well as to allow the development of language skills without having to travel too far this summer! The webinars are presented in French, and can be available in English upon request. Participants should submit their request to register using the link below or can send an e-mail at [fabienriviere@gmail.com](mailto:fabienriviere@gmail.com) with the webinar number. Participants will be e-mailed a link for payment, and all information to access the interactive webinar once payment is received. Each webinar runs for 2 clock hours including a "table ronde virtuelle" for discussion and collaboration. This webinar also includes a certificate of attendance and editable resources to implement the topics in your classroom. En espérant vous retrouver en ligne très prochainement,

Fabien L. Rivière  
French Program Coordinator
